

Mental Health Therapist – Minnetonka, MN

Minnetonka/Hopkins, MN | Hybrid & Telehealth Options Available

Pay: Up to \$105 per client facing hour

Join a practice that values you, your expertise, and your work-life balance!

Mindfully Healing (mindfullyhealing.com) is a **thriving private practice** that takes a **holistic approach to mental health and therapy**. We focus on treating **clients as whole individuals**, not just their diagnoses. Our clinicians enjoy **autonomy, a highly supportive team, and strong earning potential** while working in a **collaborative environment**.

Why Join Mindfully Healing?

- **Competitive Pay** – Earn up to **\$105 per client session**
- **Independent Contractor (1099)** – Set your own schedule & caseload
- **Steady Referrals** – Build a full caseload within weeks
- **Work from Anywhere** – Hybrid model with **in-person & telehealth** options
- **Focus on Therapy, Not Admin** – We handle marketing, scheduling, billing, & insurance
- **Supportive & Collaborative Team** – Weekly consult meetings & professional development

About the Role:

We're seeking a **fully licensed therapist (LPCC, LICSW, LMFT, or LPC)** to provide **individual, couples, and/or family therapy** in our **Minnetonka/Hopkins office or via telehealth**. Our ideal candidate is **motivated to see at least 20 clients per week**, enjoys **autonomy in their clinical work**, and thrives in a **collaborative environment**.

This is a **1099 independent contractor position**, giving you full control over your schedule, caseload, and income potential.

Have a niche or specialty? We encourage you to **develop your expertise** in the populations and modalities you're most passionate about!

Responsibilities:

- Provide **individual, couples, or family therapy** (in-person or via telehealth)
- Conduct **assessments, treatment planning, and progress documentation**
- Maintain **ethical and professional standards** per Minnesota state regulations
- Participate in **weekly case consultation meetings** for ongoing support

Mindfully Healing

"Mindfully Healing embraces a personal growth based model unlike a problem or deficiency based model of traditional mental health..."

Mission: To help individuals and families overcome a variety of life's challenges through connection, education, and effective professional services.

Vision: To provide whole-person health care while enhancing the lives of people within our community.
